

DigiMemories

digital media conversion service by **Milwaukee PC**

Don't lose your precious memories to both time and technology change.

CONVERT THEM TO DIGITAL!

Why Milwaukee PC's DigiMemories? With Milwaukee PC's DigiMemories you get the experienced technicians who have been serving Wisconsin since 1989. With *DigiMemories*, we include some services that other companies charge for, like:

- Basic cleanup and cropping for slides/negatives/stills conversion
- Private truck transport of media to protect against shipping damage

Milwaukee PC is your **LOCAL** source for all your computer, computer related, and digital conversion needs

Select your media type / services

Film

8mm, Super8, 16mm Film (*silent*)

- 3" Reel (50 feet) - \$20
- 4" Reel (100 feet) - \$40
- 5" Reel (200 feet) - \$80
- 6" Reel (300 feet) - \$120
- 7" Reel (400 feet) - \$140

Video Cassette

VHS, Betamax, Hi8, etc.

- Basic (Raw)
 - \$23 per cassette (2 hour)
 - \$10 per each additional 2 hour block
- Premium (Video Editing incl.)
 - \$30 per cassette (2 hour)
 - \$17 per each additional 2 hour block

What's the difference between Basic and Premium? Our Basic Video Cassette service is just a raw conversion, meaning that it is an exact duplicate of what is on the tape - including any blue screens between recordings, any dead space, etc.

With our Premium service, we will take extra time to remove extra dead space, and try and optimize the video conversion for the best possible viewing experience.

Stills

Slides, Negatives, Photos

- \$0.95 / image - 0-499 images (600dpi)
- \$0.90 / image - 500+ images (600dpi)
- \$0.30 / image - upg. to 1200dpi images**

Make Slideshow Video

\$10 - Basic Video Slideshow

Why upgrade to 1200dpi? If you are planning on enlarging the image, you need a better dpi to avoid distortion

Audio

Audio Cassette

\$22 each

Vinyl Record

\$20 each

Other Services

DVD Copy

\$10 per copy

Video tape repair

\$25 per tape

Advanced Editing

\$10 per 15 minute block

- May be needed in cases of excessive dead space, or other causes of distortions/errors

Select your destination

Destination Options

USB Flash Drive

\$8-\$30 - depending on project

Video DVD / DVD-ROM

\$3 per disc for 1 set

Some projects may require larger storage options. DigiMemories will use the smallest possible USB Flash destination required for the project unless otherwise specified by the customer. If customer wants more than 1 set of DVDs or flash drive, each additional set will be \$10 per disc/flash drive per copy.

Select your priority

Priority Options

Standard - included with service

Typically 4-6 weeks. Shipped to media lab and returned to store via private transport vehicle

Priority - \$50

Typically 2-4 weeks. Finished project returned to store by commercial transport service, original media to be returned by private transport

Project processing times affected by the amount of time to convert media to digital format.

Prices listed include shipping of materials to our media lab by our private transport vehicle. Milwaukee PC will not duplicate copyrighted materials such as pre-recorded VHS tapes. Handling of older media has its own inherent risks of data loss due to age of media, and Milwaukee PC will take precautions to protect media but is not responsible for any loss of data. VHS/Camcorder tapes over 2 hours will be charged an additional fee per 2 hour block. See store for details.
