When you compare us vs. them - you save about \$380* per year!
No rate increases, no extra fees, just straight forward pricing!

*When comparing our everyday rate vs. another local provider with Wi-Fi option, standard rate for 300Mb plan, no discounts or special offers. Based on web survey on 2024-06-27

Service and speeds are subject to availability. Internet speeds represent maximum network service capability speeds. Actual customer speeds may vary due to wiring, distance, and other factors.

Available in more locations than ever!
Check with a sales associate to determine if we can service your address.
